BRIEF HISTORY OF PHUKET ISLAND - KINGDOM OF THAILAND

Phuket, a rainforest, mountainous island in the Andaman Sea, has some of the Thailand's most popular beaches, mainly situated along the clear waters of the western shore. The island is home to many high-end seaside resorts, spas and restaurants. Phuket city, the capital, has old shop houses and busy markets. Patong, the main resort town, has many nightclubs, bars and discos.

The best time to visit Phuket is from December through March. This is the north-east monsoon season. Mainland Thailand blocks the monsoon rains, leaving only cool breezes and blue skies over Phuket. The average temperature is around 24C to 32C (75F to 89F) and the humidity is at its lowest.

Phuket is Thailand's largest island, and arguably the most famous. Blue waters, sandy beaches, spicy Thai cuisine, and excellent snorkelling and diving are all part of the appeal.
